CONGRESS NOW IN SESSION AT WASHINGTON

Congress of the United States is again in session and it is expected that more American history will be made this winter than ever before in the same length of time. Champ Clark of Missouri is again speaker of the house and Mann was chosen by the Republicans as house leader for the minority.

Uncle Joe Cannon of Illinois is back in the House and has been assigned important committee places. There was a strong disposition on the part of house members, even Democrats, to adopt the closure rule to cut off debate in other ways when Republicans sought to enforce rules to cut off debate, Democrats freely said it was outrageous.

Old timers remember that this rule was invoked in reconstruction times in order to keep Southern Congressmen from defeating radical legislation by talking against time.

Now certain Democrats would start in the main dictatorial tactics, but the advocates of closure were dead in defeat.

Another noticeable comparison of the present day tendency with those

old republican line is in how amazed the country felt when a republican congress ran the expense budget up above a billion of dollars. Now it is proposed to outline an appropriation bill that may reach a billion and a quarter.

The biggest item will be for National defense. The estimated requirement for military and naval belligerent is about three and a half billion.

It now looks like a majority of democrats and many republicans will support the President in his preparedness policy, but it may be expected that the republicans will seek partisan advantage of any dissensions that may break up in the democratic ranks, and that opportunity an opportunity will be afforded them to look very sure.

The Tarrif question will come in for a share of attention.

LEADING BRAND OF THE WORLD

The Only Chewing Tobacco That Ever Won An International Exposition Grand Prize

THE one supreme chewing tobacco at the San Francisco Exposition was STAR. So decided the International Jury of Award, selected from all parts of the world.

As the result of that decision, STAR received The Grand Prize—the highest award that the International Jury could give.

The same "superior quality" that won the Grand Prize for STAR, had won for it the highest regard of chewers for half a century.

STAR'S extra quality of mellow chewing leaf, STAR'S absolute cleanliness of manufacture, STAR'S full "one pound to the plug" weight, and reasonable price long ago made it the world's largest selling brand of plug chewing tobacco.
